## "SWARMS OF FLIES!"

OCCUPY THE TIME OF OUR LOCAL "AUTHORITY."

M.O. Reports on the dangers from the "Pestilential Visitation"

BUT THE COUNCILLORS SAY IT IS

ALRIGHT. A Fortnight's grace granted the Little

Insects.

TRALEE, Thursday. Mrs. H. Walsh, V.C., occupied the chair at the usual fortnightly meeting of the Tralee Urban Sanitary Authority to-day. There

T. Dennelly, J. Baily, T. Kelliher, J. O'Connor (G.); J. McSweeney. Messrs. M. O'Connor, clerk; O. Tough berough surveyor; and M. Brosnan, sub sanitary officer, were also in attendance.

were also present-Messrs. J. O'Keeffe, J.P.

#### "THE MEDICAL SKILL" OF MEMBERS."

TOO MANY FLIES IN A BOHERBEE PIGGERY.

The Sub-Sanitary Officer reported that no case of infectious disease had been reported to him since the last meeting of the Sanitary Authority. He also reported that notices served on the persons, hereunder mentioned, have not been complied with :- Joseph Jones, Boherbee, the keeping of pigs in the yard of said premises; Bernard Martin, Wa'pole's Lane, dirty condition of yard where pigs were kept: William Fitzgerald, Walpole's Lane, keeping of pigs in a wooden stye in the yard George O'Brien, Russell Street, keeping of pigs in the yard.

Mr. McSweeney-In connection with that report of Mr. Jones' premises: I want to say I went to see this place and I must say it is in a very clean state. What I would suggest to to adjourn the matter until Doctor Coffey Mr. Dennehy-Has Dr. Coffey reported

before? Clerk—Yes. Mr. Baily-I also saw this place and I

agree with Mr. McSweeney.

Mr. Kelliher-I wonder would it be better for the Council to act on the medical skill of Mr. McSweeney and Mr. Baily?

Mr. J. O'Connor-I am used to looking at pigs since I was born, and I never saw a cleaner place in my life.

Mr. O'Keeffe-When you were born you did not see pigs. I think it is not the duty of any member to make himself a S.S.O.

Mr. McSweeney-That is only a simple matter—to adjourn it to this day fortnight. Clerk—There was a report on this, this day fortnight. Doctor Coffey reported that he inspected the premises and pigs varying in numbers were kept there in an insanitary condition and swarms of flies gather there and might be the means of contaminating the places around. He recommended that the pigs and piggery should be removed, and the nuisance abated.

Mr. J. O'Connor—How could be remove the piggery?

Mr. McSweeney-But he has that order carried out; he has lime-washed the place. Mr. Dennehy-If I know these premises aright I think they are wholly enclosed; I am aware there is no backvard, and at the last sanitary meeting a case came up which was in my district, and I proved there were eighteen or twenty feet of space between the piggery and the dwellinghouse, and on the go out. suggestion of Mr. Kelliher the usual order was made. What are you going to do now in

this case? Chairman-Sure there is no use in getting reports from the M.O.'s or the S.S.O. if the orders made are not going to be carried out. Mr. McSweeney-I saw the place and I think a fortnight will do no harm at all.

Chairman-Dr. Coffey has already reported. Mr. McSweeney-But there is a lot done

Mr. J. O'Connor--Dr. Coffey reported before and his recommendations were carried out. I think, keeping to the regulations, there has been no change since.

Chairman-Mr. Brosnan says that there has been no report since the recommendations were carried out, and at that rate I think we might agree with Mr. McSweeney and Mr. Baily. We did not understand that.

Mr. Kelliher-If I understand the doctor's report correctly his recommendations were that the pigs be removed; that the piggery be removed, and the nuisance abated. Until these are done with I don't think you can do

Mr. J. O'Connor-I think what he reported about was the flies. Mr. Kelliher-Read the report and re-

commendations and let the Board understand The Clerk then read the report.

Mr. J. O'Connor-But the pigs were re-

Mr. Brosnan-He sold four pigs and he

bought two more.

Mr. J. O'Connor-Two small little ones. (Laughter). If Mr. Jones cannot keep pigs you cannot keep a pig in the town of Tralce. Mr. O'Keeffe-We are paying a S.S.O. and two M.O.'s and if we dispense with the ser-

vices of these men can we do the business as Mr. P. O'Connor-As long as premises are kept clean I think it is alright. Mr. O'Keeffe-There were two valuable

lives lost in my own street one time owing to the proximity of pigs.

Mr. Dennehy-What I consider unjust is a lady in Rock Street at the last Sanitary meeting having a garden and who was compelled to remove her pigs. Here now you have an enclosed yard, and simply because he is able to pull members sufficiently-

Mr. McSweeney-Ah, now. Chairman-There is not a single member here wants to injure Mr. Jones, but this Council is subject to the M.O.s' and S.S.O.'s

reports, and we have to act on them. Mr. P. O'Connor-After all I think we should adjourn it for a fortnight.

Mr. O'Keeffe-Adjourn the whole meeting

Mr. J. O'Connor-What have you to say as far as the piggery is concerned; is there any better one in Tralee? Mr. Brosnan-No. Mr. Kelliher-In the event of the Council

deciding to carry out the Doctor's orders, what will you do? Clerk-We will summons the owner.

Mr. Kelliher-When will you take out the summons? Clerk-Monday week.

Mr. Kelliher-When will the Doctor be back? Mr. Brosnan-He will be back in the end

Mr. Kelliher-You can leave the matter

exactly as it is and Mr. Jones can get Doctor

of the week.

Coffey to examine the premises before next Monday week. Dr. Coffey will be in town before the summons is taken out. Mr. Dennehy-It is only a fortnight ago

since he reported that the premises were insanitary. Mr. McSweeney-I wi'l move that we ad-

journ it anyway. Mr. baily-I will second you.

Mr. Dennehy-I will propose a direct nega-Clerk-Sure you will have Dr. Coffey down this week and the summons cannot be issued

for a fortnight and he can get Dr. Coffey to examine the premises. Mr. O'Keeffe-I protest against any individual member usurping the duties of Dr.

Mr. Dennehy-Exactly.

Mr. McSweeney-There is no member of the Board has a greater respect for Dr. Coffey than I have.

Mr. Kelliher-That does not come on at all now. The proposition is illegal to start with. You are bound to carry out the Doctor's recommendations.

Clerk-You have already made an order to carry out the Doctor's recommendations. Mr Dennehy-You cannot adjourn it; he must hand in notice of motion to rescind the

original order. Mr. O'Keeffe-We are not the masters of the situation at all in this matter; the Local Government Board will see that you carry

ou these orders. An order was made to comply with the recommendations; Mr. Jones could get Dr. Coffey in the meantime to see the premises.

An order was also made in the case of Bernard Martin to carry out the recommenda-

asset a person could have. Mr. O'Keeffe-You want to drive a coach and four through what we did at the last Sanitary meeting when you were present yourself.

Mr Dennehy-There was no brought to bear on him then (laughter.) Mr. J. O'Connor-No; nor since.

Mr. Brosnan said in George O'Brien's case he would be disposing with the pigs he had on Monday week. An order was made as usual.

#### "A LAST CHANCE!"

CHAIRMAN THINKS THE METHODS THEY EMPLOY ARE FARCICAL.

Dr. Crowley, Inspector under the Cowsheds and Milkshops Order, reported a case where a dirty strainer was being used. The Clerk said that the same man had

been reported several times. Mr. Dennehy-I think Mr. McSweeney intervened in that case too, if I am not mis-

Chairman-I think we have to call Mr. Mc-Sweeney the Poo Bah (laughter). Mr. J. O'Connor-I do not think it is a very serious case.

Chairman—Dirty milk is not serious? Mr. McSweeney-Give him this last chance and we will bring Mr. Crowley over again. Mr. Kelliber-Will Mr. McSweeney give the Council an undertaking that this will stopped?

Mr. McSweeney-Yes, I will. It was decided to serve a final notice.

Chairman-I think our methods of conducting business is farcical.

Mr. Kelliher-That is only in this one; it would be a pity to leave a statement like that Mr. J. O'Connor-As far as that is con-

cerned I think the officials oftener ignore our orders. What about Green Lane? Chairman-I think there is no more concientious M.O. of hea'th than Dr. Coffey in

Mr. O'Keeffe-And Dr. Brick also.

### THE POWER OF TRALEE MANURE

HAS A CONTAMINATING RADIUS

OF FIVE MILES. Dr. Harrington, who is at present doing duty for Dr. Brick, sent in a general report on his inspection of Blennerville. He inspected the ruin opposite the wind-mill and found it is being used as a private depot for slaughter-house manure carted from town. He inspected the old store opposite the Railway station and found the door defective so that persons can enter and use the premises as a privy. He visited the haggard of Margaret Sayers and found that the leakage from the privy of the National School oozes through the unplastered wall of her piggery. He also reported on a number of houses which had defective w.c. accommda-

He inspected the back premises of Mrs. Hill's house in Day Place and found that pigs are kept there by Mr. Langford, to whom said premises are sublet by Mr. John Fitzgerald the landlord. The premises are not suitable for pigs; the pavement is defective or perhaps

Mr. J. O'Connor-Can the inhabitants of Blennerville compel us to put in a main sewer in order to comply with these orders?

Mr. P. O'Connor-Of course, they can. Clerk—That is too big a question for me to

you can make a charge in the locality. Clerk—Yes; a special rate to cover all costs. In the cases of defective w.c.'s, and where such accommodation is not provided, the usual

notices were decided to be served. In regard to the complaint about dumping manure in the old ruin opposite the wind-

gerous practice. Mr. O'Keeffe-It would contaminate an area of 5 miles, that same thing.

Mr. Dennehy said he thought there was an order made that his manure should be drawn away at a certain time. At 5 minutes to 7 the other evening it passed him on his way home and the smell would kill a regiment of

Mr. Brosnan said he went to the Manager of the Co-operative Society and he promised Far Away.

that it would be taken away at 7 o'clock. Mr. Kelliher-I think the Board made very clear order in that matter.

The Clerk said they need not be allowed at all to take this through the town. Mr. P. O'Connor-And they do not take half of it home because the cars are bad;

(laughter.) Chairman-Is there any rule with regard to the removal of rubbish from the town. The other day I was driving around Mr. Bailey's, and the rubbish car was practically in the middle of the street, and the dust, saying nothing about microbes, was blowing into my face. It was the busiest time of the

Mr. Dennehy-If there were bins the matter could be done a lot quicker. Mr. Tough said he had been through al the towns in England and he never saw

scavenging done on a Sunday. In connection with the Blennerville complaint, it was decided to tell Mr. Brosnan to watch this man for the purpose of seeing would he continue this practice.

Mr. Tough at the erection of those w.c.'s? Mr. Tough-I was only up there

when they were completed. Mr. Dennehy-Mrs. Walsh did you

Mr. Kelliher-All this arose out of a complaint made to Mr. Dennehy about this water question in this District where the owner was compelled after a good deal of litigation to put their houses in a sanitary condition. This drain is not defective. There are 8 closets connected with this drain and time of Mr. Dennehys complaints. Mr. Lynch, John P. Moynihan, Julia Brosnan in the course of his examin ation found two of these locked up and he asked the tenants for the keys and they said they had not got them. Mr. Brosnan decided to do his duty and he went to the Estate office and could not class. get them; he went to the Clerk of Works and he could not get them. Well Mr. Dennehy what was the object of doing that. When he insisted in threatening proceedings the keys were given up to him at the Estate office. These might not be modern requirements but there are dozens of them in the Town far worse. The complaint by Mr. Dennehy is perfectly false and it has been made with a pur-

pose. Mr. Dennehy-Mr. Tough has not admitted that he rectified this place since which proves my contention.

The matter dropped. Adjourned.

# CAUSEWAY BAZAAR.

A GIGANTIC SUCCESS.

The Bazaar held at Causeway last Sunday, under the auspices of the Temperance Society, was a most unqualified success, and may be described, without exaggeration as the biggest event that ever took place in that progressive North Kerry (village. From the early morning people from all parts flocked into the little town and at mid-day the place was packed with interested spectators. It was a day

which will long be remembered in Causeway. The programme arranged by the Secretaries -Messrs. J. M. O'Connor and W. Keanecatered for all classes. The Hall, by the way, is a beautiful structure and must be a decided acquisition to the youth of the place. We would like if all the other Kerry villages were as progressive in this re-

Edward Monahan, of Ballaghadereen, has been remanded by a special court at. Mullingar on a Realm Defence Act charge as to alleged statements likely to be prejudicial to recruiting. It was stated that, in an argument with two soldiers at Mullingar railway station, he asked whether they were Irishmen Mr. Dennehy-I made reference to and, on receiving an affirmative reply, said-"If you are, you are cowards. EXCITING SCENE IN NEWTOWN SANDES.

A LABOURER TAKES POSSESSI OF AN UNOCCUPIED COTTAGE AND

Sledge Hammer Blows at the De Ends the Seige.

Last week a scene of more than ordina moment took place a short distance outsi the peaceable village of Newtownsasdes, as may have possibly terminated very serious were it not for the timely intervention of ti active and popular Sergeant of police, M. . Ryan, and his equally capable subordinat Constable Casey.

ported by your Listowel Correspondent, th: some weeks ago a labourer named O'Conno from Newtown appeared before the Boar ot Guardians and complained that thoug there were seven or eight unoccupied Unio cottages in and around Newtown he, a bon fide labourer with a wife and family was with out a dwelling. In the course of the discus sion that followed this complaint, the com plainant in support of his grievance asked the attention of the Board to the fact that one o the empty cottages was "occupied" by a car penter named Shine who never lived a day in fide labourer who was only too anxious and willing not only to occupy the house with hi family but to punctually pay the rent. He held and was supported in his contention tha houses were built by the Union for occupa tion by bona fide labourers and the stoppage of the great drain of emigration at the time of the inauguration of the Labourers' Act The members present agreed, and the Chairman, who happened to be the Deputy Vice Chairman, Mr. Daniel Mangan of the Tarmons Electural Division stigmatized holding the dwelling as a store-house while a bona fide labourer with a wife and family were shelter less as "scandalous, disgraceful and unchristian," and advised O'Connor to take possession of one of the seven or eight unoccupied the soil and not as store houses f who were not at all entitled to t or morally.
